Earnings by District

Average weekly earnings of a full-time worker since 2010 (£)

Despite a gradual growth in the level of earnings since 2010, the average weekly wage in Derbyshire remains below that for England. Residents in Derbyshire earn 6% less than the national average and those employed by a Derbyshire business earn 11% less. This reflects the lower skilled employment structure of the county and the travel by some residents out of Derbyshire to work to secure higher wages.
